The San Diego County Regional Airport Authority is committed to the San Diego region and ensuring that local small, disadvantaged, disabled veteran, and other business enterprises have every opportunity to do business with the Airport. The Airport Authority is an avenue of support to San Diego County's small business community, conducting outreach and providing professional services and procurement opportunities at San Diego International Airport. Merriwether & Williams is pleased to administer the Bonding and Contract Financing Assistance Program for the **San Diego County Regional Airport Authority**.

Enrollment Eligibility

The Bonding & Contract Financing Assistance Program is open to all experienced and licensed small businesses interested in participating.

Costs

Relationships are important to us. We strive to work with your existing broker, banker and CPA. If relationships are not already established there are many program participants to choose from.

Bonding Program Services

The objective of the San Diego County Regional Airport Authority's Contractors Bonding & Contract Financing Assistance Program is to increase assistance to small businesses seeking to participate in airport construction projects. The

program helps eligible companies to obtain bid, performance and payment bonds and contract financing for airport projects.

Program Services

- Assistance in assembling complete and accurate bond submittal packages to surety brokers and surety companies.
- Bond guarantees up to 40% of the bond amount or \$750,000, whichever is less.
- Loan guarantees to banks up to 50% of loan amount, or \$750,000 whichever is less.
- Accounting Assistance and Referrals for airport contract work.
- Contractor-Focused Group Seminars

Benefits for Small Contractors & Subcontractors Benefits for Large Contractors

The Bonding Assistance Program assists small businesses to obtain a first bond or increase bonding capacity. The Program assists in expanding the pool of local bondable subcontractors and provides technical, managerial and/or financial assistance needed to help contractors keep their projects on schedule. The Program also helps to protect a general contractor's bond exposure in the event of a subcontractor default and aids in timely project completion and decreased likelihood of subcontractor failure.
